

## Review of Social 9

Use your textbook to help answer the following questions.

### CHAPTER ONE, Section One

1. Who were the first people to reach the Americas?
2. What present day land did Columbus think he landed on in his voyage in 1492?  
What present day land did he actually hit?
3. \_\_\_\_\_ sent the most voyages to the Americas in the 1500-1600's, but  
\_\_\_\_\_ was the most dominant country in Eastern North America in the  
mid to late 1600's.
4. What was the most popular crop produced in North America at this time? (It was  
a crop many Europeans wanted after they were introduced to it.)
5. The 13 colonies were divided into three sections, each having a different  
economy. What were the names of the three sections AND what were each of  
their economies centered around?
6. Which section had the most African-Americans in 1750? How many times more  
than the next highest?
7. Why did so many African-Americans come to America?
